

# “WE NEED YOUR CONTINUED SUPPORT!”

For over 25 years, Cassa Musical Arts remains a leader in arts education! Our mandate has continued to be inclusive for all and CASSA has offered a variety of financial assistance options for those in need. Having said that, however, we must emphasize that, based on the high caliber of instruction and overall rising costs, **our fees are currently subsidized by at least 50%**. With your support, we will continue to provide the variety and high level of performance and visual arts excellence that participants of all ages have experienced in the past. As a Not-for-Profit organization, our money comes from registration fees, fundraising events, and donors such as you.

**Please help us to reach this goal.** All donations of \$10 or more are tax-deductible. You will receive a receipt in the mail. Your donation will make a significant difference to our students and to the overall cultural life in Calgary and the Province of Alberta.
